

Training that meets your business needs.

RFMS Regional Seminar Series

SEMINAR AGENDA

SEMINAR:

Smart Ways to Fully Utilize Key Features in RFMS

Held on First Day

SEMINAR:

Best Practices - How RFMS can Help you Manage Critical Profit Indicators

Held on Second Day

About the Seminars

All seminars are held close to airports in major metropolitan cities throughout the U.S, making travel to these destinations less time consuming and more affordable. Our seminar presenters are seasoned flooring professionals who have a combined 40 years of RFMS and industry experience as users, owners and consultants. That's why all of the regional seminars have a planned agenda with a very limited number of students. Registration must meet a minimum number of attendees, please do not make non refundable arrangements until you receive a confirmation.

Attend 1 or 2 Days!

1-Day - \$299.00 pp

2-Day - \$549.00 pp

- Geared for store managers, operations managers, office and accounting staff
- Overall RFMS system review
- Significant best practices and features in all core modules, plus Claims, Schedule Pro and Measure integration
- Differentiate sales from administrative responsibilities and what the impact is to efficiency and profitability if key procedures are omitted or compromised

- Geared for owners, general managers, CFO
- Best practices in the areas of AR/cash management, sales commissions, tracking open orders, inventory management and reconciliation
- Review established selling prices, controlling installation, measuring sales productivity
- Review the P&L statement and related critical profit indicators
